# **DIM-OUT BLIND SYSTEMS**

# Perfect shading for the workplace

Conference rooms and workspaces require flexible lighting conditions, whereas presentations often need the room completely dark. The Silent Gliss dim-out system uses side profiles, a ZIP tensioning system and brush strips to deliver the ideal solution for room darkening. The systems are simple to use, with a choice of chain or electric operation.

<i>chain operation</i>	<b>SG 4710</b>	<b>SG 4730</b>	<b>SG 4740</b>
<i>electric operation</i>	<b>SG 4760</b>	<b>SG 4770</b>	<b>SG 4780</b>
<i>kg (max.)</i>	<b>2.0</b>	<b>3.7</b>	<b>6.0</b>
<i>m<sup>2</sup> (max.)</i>	<b>2.5</b>	<b>5.3</b>	<b>9.0</b>

## SIMPLE TO INSTALL

Fitted in just a few simple steps, with profiles fixed directly to the wall or ceiling, the system keeps costs to a minimum. Effortlessly.

## OFFERED IN THREE SIZES

The system is available in small, medium and large to accommodate a wide range of window sizes. Profiles are supplied powder-coated in black or white.

## TOP-CLASS AND MADE-TO-MEASURE

The Silent Gliss dim-out system is supplied made-to-measure with a choice of high-quality Silent Gliss fabrics.

*Brush strips*

*Two-component  
ZIP system*

## Designed for purpose.

### **PERFECTLY POSITIONED – PERFECTLY TENSIONED**

The unique two-component ZIP system ensures smooth and consistent movement. The fabric is perfectly tensioned at all times and the slide profiles enable optimum placement in front of windows or other glass partitions. With simple fitting, installation costs are kept to a minimum.

### **DIMOUT AT THE PUSH OF A BUTTON**

The dim-out blind system is offered with chain or electric operation. When electrically operated, a radio remote control and the Silent Gliss Move app are available. The Move app allows rooms to be automatically darkened at a specific time, even pre-programmed for upcoming events!

## *The Architects of Silence*

*Silent Gliss is the leading global supplier of premium interior window treatment systems.*
